

L855 Decline press bench

- **Double padded support for legs, adjustable in 6 different positions** Full adjustment to user's height.
- **Support pad for the femoral muscle.** Provides a more comfortable and safer exercise.
- **Three layer coating.** Enhanced by an initial anti-corrosion primer, followed by an eposxy powder layer and a lacquer or barnish.
- **Injected core fireproof seat.** Unlike the classic foam padded particle boards, the injected core offers the advantage of uniformity, anti-distortion and greater anti-bacterial protection.
- **Structure raised 50mm above floor level with rubber tipped feet.** This provides access for cleaning and vacuuming without scratching the paint.
- **4 mm thick ST-37.** High durability.
- **Round edges with elliptical section in order to avoid cuts and knocks.**
- **3 training positions for the bar** for a more varied exercise
- **Reinforced frame,** for more security and protection.
