L900 Chin-up and dip

- **Headrest and double padded support for the forearm.** Provide an easier support and tight fixing points for the arms and back during the exercise ensuring the correct position at all times.

- **Multiposition grips.** Allow the realization of two different exercises: dips and abdominal crunches.

- **Anatomical back support pad.** This pad is shaped with the same angle of the back, to keep it fully supported during the exercise.

- **Grips on top, which allow the users to make chin-ups.**

- **Nonslip footrest supports.** Prevents foot from sliding, thus preventing possible injuries.

- **Three layer coating.** The design of this professional, up-to-date, stylish system is enhanced still further by its -layer coating comprising an initial anti-corrosion primer, for guaranteed durability, followed by an epoxy powder layer.

- **Injected core seat.** Unlike the classic foam padded particle boards, the injected core offers the advantage of uniformity, anti-distortion and greater anti-bacterial protection

- **Structure raised 50 mm above floor level with rubber tipped feet.** This provides access for cleaning and vacuuming without scratching the paint.

- **4 mm thick ST-37 / 40 steel frame.** For guaranteed durability

- **Tubes with rounded elliptical section,** that prevent cuts and blows.

Specifications:

Length: 112cm / 44”
Width: 78cm / 31”
Height: 240 cm / 94”
Weight: 85Kg / 187 lbs.
